

worldwide innovator in flexible liquid packaging

**FOR IMMEDIATE RELEASE**

***CDF announces patent issuance for EZ-Flo™***

Plymouth, MA, June 18, 2015 - CDF Corporation, a leading manufacturer of [drum](#), [pail](#), [intermediate bulk container](#) and [bag in box liners](#) and [flexible packaging](#), is pleased to announce a broad utility patent for the EZ-Flo liner has been granted.

The U.S. Patent and Trademark Office has granted EZ-Flo Technologies US Patent 8,960,502, a utility patent that covers the EZ-Flo liner. Other patents are pending on the dispenser bottle, methods of use, methods of manufacturing, filling the liner and sealing and lidding of the liner. The inventors of the EZ-Flo liner patent are Charles Stehli, Dawn Pansier and Bob De. CDF Corporation is the sole worldwide authorized supplier of the EZ-Flo liner.

The EZ-Flo liner is part of the [EZ-Flo packaging/ dispensing system](#). The EZ-Flo system is an environment-friendly dispensing alternative to traditional squeeze, pump and spray bottles. The EZ-Flo's innovative packaging/dispensing system uses patented technology to dispense products of various viscosities without the assistance of gravity. The system is cost effective, reducing waste, time and labor, while improving overall productivity.

The EZ-Flo packaging/dispensing system reduces product waste, eliminates cross contamination caused by refilling bottles and reduces trash-steam waste. The sanitary vacuum sealed liners are available in a wide variety of sizes and can be utilized in a squeeze, portion control, spray or pump system - perfect for food industry, chemical, or cosmetic applications.
