## Plastic Drum Liners

DrumSaver plastic drum liners are designed for plastic drums. The seamless vacuum-formed drum liners have a contoured lip that snaps over a plastic 55 gallon open-head drum's top bead to prevent leakage between the drum liner and the drum wall.

DrumSaver liners are perfect for high-speed mixing, pumping, storing and shipping nearly any liquid, powder or paste. Plastic liners are ideal for hard to clean ladings, such as textile dyes, adhesives and gel coats.

### Benefits

- Ensures the absolute purity of your product
- Environment-friendly packaging, helps users to reach sustainability goals
- Reduces drum cleaning and reconditioning costs
