

PailSaver™

Trays and Cradles

PailSaver trays and cradles offer innovative packaging solutions for the steel pail. PailSaver cradles and trays keep two-part packages separated until combined by the end user.

Benefits

- Designed to fit any 5 gallon steel pail
- Allows two-part products, such as epoxies to be contained and shipped in a single package
- Reduces inventory cost, freight and handling

PailSaver™

Trays and Cradles

PailSaver Trays rest on the top rim of the pail and suspend a second component above the first. Users combine the components by pouring the contents of the tray into the pail.

PailSaver Cradles rest on the top rim of the pail and suspend a sealed container, usually a 1 gallon can.

Size

PailSaver trays and cradles are designed to fit any 5 gallon steel pail.

Material Choices

All liners are made in America from FDA-approved films.

Low-density polyethylene is intended for general use and provides superb tensile strength and elongation, as well as high resistance to tears and flex cracking. Low-density polyethylene is designed for applications up to 175°F.

High-density polyethylene creates rigid, durable inserts that are robust for a wide range of applications and have superior solvent resistance.

Custom Designs

CDF will always consider custom designs.

CDF warrants that its products will be free from defects in material and workmanship for one-hundred eighty (180) days after the date of delivery. Warranty claims must be made in writing no later than five (5) business days after the expiration of the warranty period. CDF's obligations under this warranty are limited solely to replacement of such products as are proven to be defective after CDF's inspection. The foregoing limited warranty is exclusive. CDF expressly disclaims and excludes any and all warranties, express or implied, including implied warranties of merchantability and fitness for a particular purpose relating to the use or performance of CDF products. CDF shall not be liable for personal injury or property damages unless caused solely by CDF's negligence. CDF shall not be liable for loss of profit or other special, indirect, incidental or consequential damages arising out of the use of CDF products, regardless of the legal theory on which the claim is based and even if CDF has been advised of the possibility of such damages.
